ELECTION ANSWER IS FOUND IN EAST

DOUBTFUL STATES WILL TURN TRICK.

LAFOLLETTE NOT VITAL

His Strength Greatly Overestimated—About Thirty Electoral Votes His Limit In West.

By David Lawrence.
Special Correspondent of the Democrat-Forum.
(Copyright 1924).
Special Leased Wire.

(This is the first of two dispatches analyzing the trend of political sentiment in the states from Illinois to the Pacific, written after a visit by David Lawrence to virtually all the states in that region, in a trip consuming 30 days of actual investigation).

Midwest America, Oct. 15.—Crossing the political divide from the agricultural West to the industrial East, with three weeks of the campaign still ahead, the territory left behind may yet show some changes here and there but fundamentally the lines of battle are drawn and the tide of prejudice of favor, as the case may be, has set in.

Four conclusions however, can be drawn at this time without much expectation on the part of the writer that subsequent developments in the West will upset his analysis.

First, Senator Robert M. LaFollette has not been, and will not be the decisive factor in the coming election so far as the West is concerned.

Second, the electoral vote of LaFollette will be less than that of Colonel Roosevelt in 1912 when he polled 88 electoral votes.

Third, in several states LaFollette has taken away so many Democratic votes that he is in effect the ally of President Coolidge because Coolidge pluralities seem to result from the big defection of Democrats to the third party ticket.

Fourth, LaFollette will not get enough votes to throw the election into the House of Representatives for decision unless John W. Davis shows a greater strength than President Coolidge in the principal eastern states. In that case in all probability the drift in the direction of Davis would insure not merely a deadlock, but a Democratic victory because the East as a rule is not spotty, but generally of the same political mind.

Davis Starts With 178.

Giving John W. Davis the 51 votes of the normally Democratic states, which means Arizona, Oklahoma, Tennessee, Kentucky and Maryland in addition to the 127 electorial votes obtained by Governor Cox in 1920 from the solid South, the total for Davis is 178.

Now there are no states in the West of which Davis can feel absolutely sure. Nor are there any western states with possibly two exceptions — Wisconsin and North Dakota—of which LaFollette can feel sure.

Gives 58 to LaFollette.

But assuming that LaFollette were to be given all the state in which he is running second, these would be Iowa, Minnesota, Montana, Nebraska, Wyoming, and they make with Wisconsin and North Dakota only 58 electoral votes. Adding these 58 to the 178 for Davis the total is 236 which may be called the non-Coolidge vote. This leaves 295 votes and if Coolidge could get all of them he would win as 266 is the majority of the electoral college of 531.

What are the states which make up that 295?

Som like California and Oregon and Colorado, are typical of the western strength of President Coolidge and some like Pennsylvania and Massachusetts and Maine are rock-ribbed Republican areas. What concerns the analysis is the doubtful states, or, to put it in another way, those states on which the Democrats this time pin their hopes. These are Indiana, 15, New Jersey, 14, New York, 45, Ohio, 24, and West Virginia 8. Of these 106 votes, President Coolidge must carry all but 29. If he loses these 29 to Davis, the election would be thrown into the house of representatives because even if all the 29 went to Davis, they would not be enough with his 178 to make the necessary 266. If he lost them to LaFollette it would still mean

It was regarded by the St. Louis Globe-Democrat as one of the best in the famous parade. L. H. Brownfield, secretary of the Maryville Chamber of Commerce, is shown sitting on the radiator of the truck. To his left is Miss Evelyn Raines, Nodaway County "queen" in nthe parade. Below and to the left is Fred Smith, Nodaway County clerk, and one of the county's representatives on the float. In the center is Leslie G. Somerville, county superintendent of schools, and to the right is George P. Sillers.

REPUBLICANS OFFER NO AID TO FARMER

ONLY PROMISE TO "INVESTIGATE" SITUATION.

AND ASWELL TELLS 'EM

Louisiana Congressman Contrasts Programs Offered By Democrats And Republicans.

A large crowd was present at the Democratic rally meeting held in Conception Junction last night. Congressman James B. Aswell of the eighth Louisiana district was the principal speaker.

The Louisiana solon spoke on the agriculture programs of both the Republican and Democratic parties.

"President Coolidge says that the farmers must solve their own problems, but the Democratic party has a definite program of farm relief to offer you people of Northwest Missouri," Congressman Aswell told his audience last night. "The Republicans promise only to investigate the situation but they have done this twice before and their only report was that the farmers were in a desperate fix."

Congressman Aswell called the attention of his audience to the fact that never in the history of any Democratic administration has a third party been formed as a protest against the party in power.

"Only during Republican administrations have "insurgent" groups grown into third parties," the Congressman said.

Mr. Aswell spoke at Parnell yesterday afternoon. He was accompanied by Judge Jesse F. Robertson, M. E. Ford, Dan R. Baker and William Job.

M. E. Ford accompanied the Louisiana Congressman to Conception Junction last night. They went to Rock Port today to be present at the big Democratic rally there at which Dr. Arthur W. Nelson, Democratic candidate for governor of Missouri, will speak.

Buggy Is Hit by Auto Ed Masters Is Hurt

Thrown From Vehicle and Sustains Broken Ribs and Is Badly Bruised Last Evening.

Ed Masters, 510 North Fillmore street, sustained broken ribs and several bruises when he was thrown from a buggy last evening as a result of an automobile running into the rear end of the buggy. He was taken immediately to his home and a physician called.

Mr. Masters was returning from his farm northwest of Maryville and was on the road north of the College driving south, about 6:30 o'clock last evening. An automobile coming from the south just came up over the viaduct throwing a blinding light on the horse and buggy and D. W. Snoderly following in the rear of Mr. Masters was unable to see the horse and buggy until too late and crashed into the horse-drawn vehicle.

Several Changes in Local Light Office

L. G. Kepler Transferred to Plattsmouth, Nebr.—Miss Ella Farrell To Red Oak, Iowa.

Lee G. Kepler, who has been with the Continental Gas & Electric Co., for some time and has been stationed in Maryville since August, has been transferred to Plattsmouth, Neb., to take the position of district manager for the eastern section of Nebraska south of Omaha. Mr. Kepler's family is still in Maryville but will move sometime this month.

Miss Ella Farrell is also being transferred to the Continental's district office at Red Oak, Ia., which is a portion of the Iowa Service Co. Miss Farrell will have charge of the service department in the Red Oak office. Miss Nona Pierse, who has been with the Maryville division of the Automobile Club of Missouri, will take a position in the Maryville office.

Lloyd Everett, one of the construction foremen from Maryville, has been transferred to Lincoln, Nebr., where he has charge of a construction gang on the new Lincoln to Plattsmouth line. This line is about sixty miles long and of 66,000 volt construction.

Walter Thompson, Guy Hawkins, Claude Wilson and Dick Carnes are also working on the Lincoln to Plattsmouth line.

Small Girl May Lose Sight of Right Eye

Annabel, the seven-year-old daughter of Mr. and Mrs. M. J. Hull, 1415 East Second street, sustained serious injury to her right eye Monday when a stick thrown by a neighbor boy with whom she was playing struck her in the eye. An operation will probably be necessary and the outcome is uncertain. Mr. Hull is operator at the Burlington depot.

THREE MILES OF PAVEMENT LAID

ATKINSON CO. AVERAGES ABOUT 700 FEET A DAY.

ENTIRE PROJECT READY

For Pavement by November 15 as Grading Crew Expects to Complete Work on Section B, A, Nov. 1.

The Atkinson Paving Co., which is paving the ten mile project south of Maryville on Highway No. 27 is putting in on a fair average 700 feet of roadway or more a day. Yesterday 794 feet was laid. The Company has completed up to date three miles of paving on the north end of section B of this project.

The paving company expects to finish as much as possible of section A, five miles, and have all of the south half of the job by the first of the year. Concrete will be laid until the weather prohibits further work. By November 15 concrete will have been laid on the road up to the Arkoe haul road, approximately 4.4 miles.

H. B. Bigelow, project engineer, said today that the Paving Company is getting along fine with its work and has not been delayed so very much by bad weather.

All of the grading on the entire project will be completed by November 15 so that the entire project will be ready for pavement, according to the present plans. The grading crew at work on section A, the portion of road closest to Maryville, will be completed by the first of November. All the grading has been completed on the south part of the road.

It is understood that a crew is now getting ready at the gravel pit for the hauling of gravel on the project north of Maryville to Wilcox on Highway No. 18 and a grading crew is expected to move in most any time.

Religion Sets Pace for Country's Government

Monument Dedicated to Memory of Francis Asbury, First American Bishop of M. E. Church.

Washington, Oct. 15.—"The government of a country never gets ahead of the religion of a country."

With that statement as his text, President Coolidge this afternoon delivered the principal address at the dedication here of a monument to Francis Asbury, first American bishop of the Methodist Episcopal Church, and set forth the necessity for "reliance upon religion rather than upon law."

Miss Pearl Keiflein and Miss Frances Miller went to St. Joseph this morning to spend the day.

Davis Declares War on Class Government

Would Stump Against Own Party if "Corruption Raised Its Ugly Head" Within Its Ranks.

Quincy, Ill., Oct. 15.—Deep in his drive to capture the Middle West, John W. Davis reached the Mississippi river today with a new declaration of war upon class government.

Davis declared that if elected President, he would take the stump against his own party if "corruption raised its ugly head" within the Democratic ranks.

Davis made a brief stop at Hannibal en route here and there in the Congressional district of the late Champ Clark paid a tribute to the former speaker of the House. He eulogized Clark's political career and expressed the wish that the man were still alive "to lead the fight on official corruption."

The nominee also paid tribute to the memory of Mark Twain, who made his home in Hannibal.

Large Crowd Attends St. Mary's Festival

The harvest festival given last night by the young people of St. Mary's Church in the basement of the church was largely attended and $160 was cleared. A thirty-minute musical program was presented during the evening. Among the other attractions were a fish pond, country store, side shows and a candy stand. Refreshments of cider, frankfurter sandwiches and coffee were served. Music was furnished by the Yehle orchestra.

Mr. and Mrs. H. L. Raines and Mr. and Mrs. Dick Graham of Seattle, Wash., who are visiting relatives here, motored to St. Joseph today.

Mrs. J. M. Swinford went to Pickering yesterday to visit relatives for a few days.

TRENTON EAGER TO HEAR NELSON

GIVEN BIG OVATION AT GOV. Hyde's Home.

ASKS SUPPORT SCHOOLS

At Address at Savannah—Democratic Gubernatorial Candidate to Be at St. Joseph.

One of the largest ovations of his campaign Dr. Arthur W. Nelson, Democratic candidate for governor, in Trenton on Monday, the home city of Governor Arthur M. Hyde, according to Rich R. Correll, publicity man for Doctor Nelson, who says the high school auditorium was packed with 2,000 people who stood up on the chairs and cheered the candidate for governor for several minutes, when he entered the hall.

At Princeton a crowd packed the hall at 8 and waited until 10 o'clock to hear the gubernatorial candidate, who was delayed in arriving. Dr. Nelson before leaving Princeton, paid a courtesy visit to Ira B. Hyde, father of Governor Hyde.

At a meeting held in Savannah, Tuesday night, the court room and halls leading to the court room, were packed. It is claimed that it was the largest political meeting that has been held in Savannah for many years. Doctor Nelson was introduced by John McDaniel, Democratic candidate for congress.

"The enormous expense of government must be lowered," said Doctor Nelson. "Taxes on land in Missouri should be decreased by reducing the valuation for taxation purposes. If the assessed valuations were correct in 1920 then they surely should be reduced now."

As governor, he stated, he would scrutinize every dollar of road money expended and said the taxpayers of Missouri would receive a dollar's worth of service for each dollar expended. In his address he also pleaded for "the support and continued improvement of our school system with special attention to rural schools."

Dr. and Mrs. Nelson were in St. Joseph Tuesday night the guests of Mr. and Mrs. G. D. Berry, 315 Frederick avenue. The candidate had as his guests at the meetings the first of this week Mr. and Mrs. Berry and Ed Kelso, Democratic state committeeman.

Dr. Nelson will speak at the Lyceum theater Thursday night, which will be his first address meeting in St. Joseph.

Borah Committee Gets Its Work Under Way

Demands Made Upon All Three Parties for Statements of All Campaign Contributions to Date.

Chicago, Oct. 15.—The Senatorial investigation of political campaign finances, brought by Senator Robert M. LaFollette's sensational slush fund charges, got under way here today shortly after the arrival of Senator Borah of Idaho, chairman of the investigation committee.

Borah's first act was to issue a formal demand on the leaders of the three national parties for a complete statement of campaign contributions.

Legion Assisting in Salvation Army Drive

John Mutz, Chester Lyle and Murray Welling Appointed As Committee to Help Local Chairman.

The American Legion Post of this city is assisting in the Salvation Army drive at the present time. Three men from the Legion were appointed as a committee at the Legion meeting last night to give assistance.

John Mutz, Chester Lyle and Murray Welling were appointed from the ranks of the Legion to assist the chairman of the Salvation Army drive in this city, George B. Baker, and the men were out today soliciting in the city.

The Legion also formulated plans at the meeting to make up a donation from the Legion treasury to the Salvation Army.

Mr. and Mrs. J. F. Montgomery and the latter's brother and his wife, Mr. and Mrs. J. Wesley Jones of Loveland, Colo., motored to St. Joseph this morning to spend the day with Mr. and Mrs. G. B. Holmes.

CROSSES ATLANTIC IN ABOUT 80 HOURS

NEW SPEED RECORD IS SET BY THE ZR-3.

LANDS AT 9:55 A. M.

Is Given Great Ovation by Spectators as Huge Silver-Coated Dirigible Glides to Ground.

Naval air station, Lakehurst, N. J. Oct. 15.—Shimmering in the sunlight, the great silver-coated dirigible ZR-3 soared majestically into the landing field here at 9:17 o'clock this morning, completing her epochal 4,200-mile trip across the Atlantic from Friederichshafen, Germany.

It took the ZR-3 forty-two minutes to make a landing after she was sighted. After completely circling the field, she turned back and headed slowly for the center of the field and suddenly all her huge motors ceased humming.

She appeared to set poised in the air. Then she suddenly descended, touching the ground at exactly 9:55 o'clock. Bells clanged, automobile horns honked, and people cheered wildly as the flight came to an official end.

The first air pilgrim to reach the ground was Commander Jacob Henry Klein, Jr., U. S. N. He leaped exaltingly to the ground and shouted, "Great trip." Then he suddenly saw his wife in the crowd and rushed to her.

The ZR-3 made the long non-stop flight in the phenomenal time of about eighty hours, averaging close to a mile a minute. This exceeds as a commercial feat anything on record, overshadowing the achievement of the liner Leviathan in spanning the Atlantic in four and a half days. The ZR-3, which left Friederichshafen, Germany at 6:35 o'clock Sunday morning, made the trip here in less than three and a half days.

She flashed across southern Germany, France, Switzerland, and out over the Atlantic to the Azores, then arched north by west to the southern tip of Novia Scotia and speeded at the rate of a mile a minute down the eastern coast of the United States to New York where she draw a tremendous ovation.

Washington, Oct. 15.—The flight of the dirigible ZR-3 is an "epochal achievement because it demonstrates as never before the feasibility of long-distance flights for lighter-than-air craft," President Coolidge declared today in a telegram of congratulations to Dr. Hugo Eckener, commander of the airship.

ELECTION ANSWER IS FOUND IN EAST

(Continued from Page One)

a deadlock, because no one of the three candidates would have a majority.

Close Race Indicated.

All this would seem to indicate a close result, but it must not be forgotten that, at the outset of this dispatch, the writer assumed for purposes of analysis that LaFollette might get a maximum of 58 votes in the West. That was the general opinion in the East when this correspondent began his tour. It was not found to be true on actual investigation.

LaFollette Votes on Paper.

For the 58 votes are imaginary and while the popular vote of LaFollette will be large this writer would not be surprised if the Wisconsin senator carried only Wisconsin and North Dakota and these states by a close squeeze.

So the situation would appear to be 178 votes for Davis plus about 30 for LaFollette making 208 non-Coolidge votes reasonably certain. This leaves 323 possible votes for President Coolidge.

Now the President can lose 56 votes and still win. Will he? The answer is not found in the West, but in the East. The writer expects between now and the first of November to visit Kentucky, Indiana, Ohio, West Virginia, Maryland, Delaware, New Jersey, New York, Connecticut, Rhode Island and Massachusetts where the Democrats must get their votes to win. At the end of the tour, an analysis of the eastern states will appear in these columns.

Barnard May Outdo Tulsa in Short Time

Oil Mystery Is Puzzling Residents of That Town—Old Well Has Liquid That Burns.

Barnard has an oil mystery that is puzzling the inhabitants of that town.

An old well just west of the Barnard State Bank has not been used for some time because it was found that the water had a peculiar odor and taste. On examining a sample of the water it was discovered that a heavy substance, brownish in color, would rise to the top of the container. While in Barnard last night, Dick Tulloch procured a sample of the liquid and brought it to Maryville. He poured out some on the top of a bucket, applied a lighted match, and lo and behold it burst into flames!

Now has Barnard an oil well? That's the puzzle.

But here is another fact in the story. About fifteen years ago, the Stalling Mercantile Co., of Barnard, just a short distance from the "mystery well" lost about 300 gallons of kerosene because of a leaky tank.

Did the oil flow down to the well and stay there for fifteen years, or has Barnard a real honest-to-goodness oil well? That's the mystery.

Coleman Sells Steers at St. Joe for $10.50

Amazing Recovery of Missouri Woman Proves KARNAK

To Be Greatest Remedy For Stomach Troubles World Has Ever Known

Gradually growing worse for the past ten years from an obstinate case of stomach trouble, despite her every effort to find relief, Mrs. D. L. Edwards, highly esteemed resident of 1622 W. Phelps St., Springfield, Mo., tells how she at last found in Karnak a medicine to reach her case.

"During the past ten years I spent hundreds of dollars trying to get rid of a severe case of stomach trouble, but it was money spent in vain until I finally got Karnak," declares Mrs. Edwards. "Every morsel I ate just seemed to cause no endless suffering. I also suffered from a sluggish liver, and pains in my back that would almost draw me double at times. My nerves would never let me get a restful night's sleep, and I felt so tired and wornout all the time it was all I could do to keep up.

"However, my discouragement soon disappeared when I started taking Karknak, for I improved just wonderfully on the very first bottle. I have taken five bottles now and relish every morsel of my food. The gas and stomach pains have disappeared, my sleep is sound and restful, and I feel like an entirely different person. Karnak has been so wonderful in my case that nothing I can say is good enough for it."

Karnak is sold in Maryville exclusively by Maryville Drug Co.—Adv.

I Never Burn My Skin

By Edna Wallace Hopper.

I live in the sun and the wind in summer, but I never burn my skin. That is because the greatest of experts told me how to prevent it.

Edna Wallace Hopper Photo 1923

The sun is good for the skin—get all you can of it. Only certain rays — the ultra violet rays—do harm. Bar them out, and the sun will never burn.

Tan bars those rays, so tanned skins do not burn. But science has found a way to do that without changing the skin's color. It has found a substance, harmless and colorless, which bars out only those burning rays.

By my experts' advice I had that substance embodied in my vanishing type of Youth Cream. I apply it before any exposure. After bathing I apply it again, for water removes it. I have never had sunburn, windburn, tan or freckles since my experts taught me this.

Now I am placing all my helps at every woman's call, and this one is among them. Edna Wallace Hopper's Youth Cream is supplied by all druggists, all toilet counters. The Vanishing Type contains the substance which prevents sunburn. The cost is 60c per jar, and every jar carries my guarantee that it does what my experts claim. Also in 35c tubes. I promise you it will delight you.

I shall gladly mail you a trial tube if you will send this coupon. Do that and see what it does.

HE OFFERS VOTERS RIGHT OF RECALL

DAVIS SAYS PEOPLE HAVE RIGHT OF PROTEST.

VISITS LINCOLN'S TOMB

Democratic Candidate Pays Homage To Martyred President—Declares America "Must Have Honest Gov."

Springfield, Ill., Oct. 15.—Between addresses in which he denounced "corruption and privilege" in government, John W. Davis, Democratic presidential candidate, visited the tomb of Abraham Lincoln yesterday, paid homage to the memory of the martyred president, and found new inspiration to continue the campaign, he said, with honesty, courage and equality in government his major themes.

Before the pilgrimage to Oak Ridge cemetery, Mr. Davis gave his pledge to Illinois voters that he would within two years after his inauguration as president, if elected in November, commend his own administration to condemnation should he have failed by that time to rid the government of "corruption and privilege."

"If when four years have elapsed, aye, if when two years have gone," Mr. Davis declared "and we have been as false to our promises as other men have been; if corruption again has raised its ugly head and thrown itself into the conduct of your government, if privilege has not been wiped off the statute books and the laws that control you, I shall not only invoke your further suffrage, but I shall commend it to you as American citizens to repeat your vote of protest and condemnation.

All Elections Important.

"There is no such thing in this country as an unimportant presidential campaign. If you go back over the history of the United States you will find that every four years the American people have taken a decision that was not only fraught with great consequences to themselves but with great consequences, frequently, to the entire world.

"Nobody thought in 1860, when you chose that great Illinoisan, Abraham Lincoln, as president, that it was to lie in his hands to preserve the American union. Nobody thought in 1884, when that great citizen of New York, Grover Cleveland, was made president of the United States that he was to set a new standard in American public life and was to give life and vigor and meaning to the great motto that a public office is a public trust.

People Hold Destiny.

"In 1912, while we believed that the election that year was one of vast consequences, none of us dreamed that we were choosing in that election a man who was to become commander-in-chief of the mightiest army that the American people ever raised, who was to hold up the ideals of America to all the world and to give to all mankind a new idea of American valor and courage and idealism and determination. Nobody thought that in that election we were choosing not only the leader of America but the voice of mankind in Woodrow Wilson.

Later in the day, the candidate told voters in Springfield in his night address that it was their duty today, as it was the duty of their forebears in the day of Lincoln, to determine "what the course is that your government shall take for your benefit and the benefit of your children."

Every Seat Occupied.

Every seat in the armory was occupied and people stood three and four deep about the walls, waiting fifteen minutes before Mr. Davis arrived. When Mr. Davis and his party arrived the audience cheered for two minutes.

Mr. Davis reiterated his belief that "this is indeed a democratic year." Mr. Davis asked his audience to reflect whether it had a "good government today" adding that no government could be good government unless it possessed honesty, courage, efficiency and justice.

"I say we must have honest government," he said, "and I assert we have not had it."

Bryan Issues Report Situation in West

Commoner Makes Public His Observations On Extended Campaign Tour—"LaFollette Is Strong."

Chicago, Ill., Oct. 15.—William Jennings Bryan, stopping in Democratic western headquarters yesterday after three weeks campaigning in eight states along the Pacific slope and in the Rocky Mountains group, issued a public statement embodying his observations in the west.

"Mr. LaFollette," he said, "is strong in a number of the mountain states, especially in California, where his cause has been helped by a partisan decision of the supreme court intended to prevent his electors from the Republicans than from the Democrats and to this extent aids the Democratic ticket.

"The attacks made upon LaFollette by Mr. Butler, chairman of the Republican national committee, and Mr. Dawes, and, more timidly, by Mr. Coolidge, are intensifying progressive hostility to the Republican ticket, and this hostility can find effectiveness only in a vote for the Democratic ticket.

"The suggestion that recent advances in market prices for farm products, particularly grains, enhanced Republican chances in the election, Mr. Bryan said, "illustrates the speculative character of a Republican campaign."

"A wheel of fortune," he continued "does not involve more chance than a Republican campaign. Instead of having a policy and appealing to the people to support it, they are hoping for a lucky rain or a fortunate drought, or anything else they can turn to temporary advantage for the Republican ticket. Their arguments are a travesty on statesmanship and reveal the depth to which their political strategy has fallen."

State Bar to Consider Criminal Conditions

State-Wide Conference Is Attended By About 100 Men and Women—"Not Criticizing Courts."

Jefferson City, Oct. 15.—A state-wide conference, called by the Missouri state bar association to consider criminal conditions and criminal law procedure, convened here today with about 100 men and women in attendance.

Guy Thompson of St. Louis, president of the bar association, in a short address said the conference was called not to criticise the courts or police, or for the purpose of "getting anybody."

"However, we are convinced that the tide of crime in Missouri has reached swelling proportions and we must do something to remedy it."

Legionnaires to Feast at Midnight Saturday Night

All hail ye Legionnaires! The big feed will be served at midnight Saturday.

Members of the American Legion Post met at Dr. R. C. Person's office last night and worked out the final details of the big Legion camp this week-end. The place chosen is the John Roberts camp, four miles south and two miles east of Maitland.

Legionnaires will leave Maryville in automobiles from Doctor Person's office at 2 o'clock Saturday afternoon and from 7 to 10 o'clock in the evening. It is thought that those who will be unable to leave the city until 10 o'clock at night will have ample time to reach the camping site by midnight in time for the big feast.

Besides the big feed fishing will be on the program for those so inclined and those who wish to remain over Sunday are requested by the committee to take blankets and a flash light. Everything else will be furnished. The camp site is an ideal spot and boasts a cabin.

Paul Kuchs, chairman of the general committee said this morning that the Legion men had been slow in returning the cards sent to them. He desires that those who are going on the camp will return them so it can be determined how many will be in the party.

An added feature that was determined last night was to secure a portable radio set so that the night programs may be heard and the morning sabbath services from WOAW, Omaha may be caught out of the ether.

Mr. and Mrs. George Hepburn of Hopkins visited in Maryville yesterday.

Neuralgia

"No matter where located—to get quick relief from the agony rub on penetrating Joint-Ease," says a New England chemist.

Of course, Joint-Ease is the one great external remedy for inflamed, swollen, stiff joints in ankle, knee, hip, shoulder, fingers or spine, and for that purpose its sale is tremendous.

But its power to give almost instant relief in neuralgia, neuritis and lumbago is becoming better known every day—Soaks right in with a minute's rubbing and it is very penetrating—A tube for 60 cents at any real druggist anywhere.

Kirksville Doctors Prepare for Kemper

Battle Will Be Played At Kirksville Friday—Game Is Considered Of Importance.

Kirksville, Mo., Oct. 14.—(Special)—Now that the Mexico, Mo., Military academy grid squad has been vanquished, the Kirksville Osteopathic college football squad is preparing for its battle with Kemper Military academy, of Boonville, Mo., next Friday afternoon. The game will be played here.

Friday's game is of importance to the Osteopaths for the Boonville aggregation took the local [illegible]'s college into camp. Added to this is the fact that Kemper started football practice before the school year started, so Coach Ray Sermon believes his gang is going to have difficulty in holding the Soldiers.

Several members of the Osteopaths squad are suffering minor injuries, especially Cartwright, backfield man, who is nursing a charley horse.

The Kemper-K. O. C. contest is considered the hardest on the local schedule and the locals are conducting secret practice every evening in hopes of holding the Kemper machine if not to a win for the locals at least to a loss by a low score.

Clearmont Man Has New Auto Device

Said To Be Valuable In Saving Motorist Loss Due To Tire Trouble—Said To Indicate Leakage.

Gerald D. Koger of Clearmont has received letters of application for a patent on an electrical device which is claimed by some of the largest automobile dealers in Missouri and Iowa to be valuable in saving the automobile owners much loss due to tire trouble.

The device is small and very sensative and will indicate, it is said, when a tire becomes under-inflated caused by a slow leak, puncture, or bad valve.

The "Tirite," as it is named, can be installed upon any make of automobile and any style of rims. The fast driving of the car does not wear out any mechanical part of the device.

Mr. Koger expects to sign a contract within the next few days with a large manufacturing company, and the "Tirite" will soon be on the market.

Scores of Golf Teams About Even; Captains Threaten

It seems to be an eye for an eye and a tooth for a tooth, or something like this in the Post Season Golf Tourney at the Country Club. In the play-off the two teams are about even and a few bogeys and pars either way will throw the contest to one team or the other. Just read the following:

Headquarters of The Tough Troublesome Twosomes—

Hello Men:

The outcome of the last Civil War was a tie—This never happens in a well regulated country, why even in Mexico somebody wins; if we can't beat that outfit—well it's us for the W. C. T. U.

"Professor" Lamkin's Highbrows are out for "Blud." Already this state has paid postage on one set of letters, (Yegods! does this mean more taxes?). Do your duty—Play, and preevnt, if possible further requests for postage appropriations.

Excuses, this time are as useless as parsley on fish; absence from city, sickness or death, (if the latter overtakes a Highbrow, shed a tear, just play and don't worry, he'll never turn in a score—too hot.) So take your orders, Nine Holes all at one time, before 7 p. m., Monday, October 20th. Get this—if you don't play and the Highbrow does—blewy, blewy, 75 points gone.

Kick in with your dollar—then—at the big feed; (to be paid for by the "Professer" and his crew), get to the table first and get it all back.

Yours for a T. T. T.

H. L. Raines, Captain.

SAY!

Mr. Team Mate, we've got a job. The final score in the tournament showed we won low total from the Raines Rowdies by one stroke, lost the pars by seven and on bogies at 120 each. So——

We have to play it off.

The pairings will be the same as before, but nine holes instead of eighteen will be played. So——

Get your man——Play him and beat him sometime before Monday, Oct. 20th at 7 p. m., and turn in your score. Be sure to play. We get "stuck" 75 points if you don't play—no excuse goes. If the other fellow is sick, or out of town, or afraid, go out and play your nine holes, get someone to sign the card and turn it in.

The easiest way to collect from them is for every fellow to put up his dollar when he plays. Then we will get ours back when they feed us after we beat them. The point is to play—Let's go! Signed,

Uel W. Lamkin, Captain.

ELECTION ANSWER IS FOUND IN EAST

DOUBTFUL STATES WILL TURN TRICK.

LAFOLLETTE NOT VITAL

His Strength Greatly Overestimated—About Thirty Electoral Votes His Limit In West.

By David Lawrence.
Special Correspondent of the Democrat-Forum.
(Copyright 1924).
Special Leased Wire.

(This is the first of two dispatches analyzing the trend of political sentiment in the states from Illinois to the Pacific, written after a visit by David Lawrence to virtually all the states in that region, in a trip consuming 30 days of actual investigation).

Midwest America, Oct. 15.—Crossing the political divide from the agricultural West to the industrial East, with three weeks of the campaign still ahead, the territory left behind may yet show some changes here and there but fundamentally the lines of battle are drawn and the tide of prejudice of favor, as the case may be, has set in.

Four conclusions however, can be drawn at this time without much expectation on the part of the writer that subsequent developments in the West will upset his analysis.

First, Senator Robert M. LaFollette has not been, and will not be the decisive factor in the coming election so far as the West is concerned.

Second, the electoral vote of LaFollette will be less than that of Colonel Roosevelt in 1912 when he polled 88 electoral votes.

Third, in several states LaFollette has taken away so many Democratic votes that he is in effect the ally of President Coolidge because Coolidge pluralities seem to result from the big defection of Democrats to the third party ticket.

Fourth, LaFollette will not get enough votes to throw the election into the House of Representatives for decision unless John W. Davis shows a greater strength than President Coolidge in the principal eastern states. In that case in all probability the drift in the direction of Davis would insure not merely a deadlock, but a Democratic victory because the East as a rule is not spotty, but generally of the same political mind.

Davis Starts With 178.

Giving John W. Davis the 51 votes of the normally Democratic states, which means Arizona, Oklahoma, Tennessee, Kentucky and Maryland in addition to the 127 electorial votes obtained by Governor Cox in 1920 from the solid South, the total for Davis is 178.

Now there are no states in the West of which Davis can feel absolutely sure. Nor are there any western states with possibly two exceptions — Wisconsin and North Dakota—of which LaFollette can feel sure.

Gives 58 to LaFollette.

But assuming that LaFollette were to be given all the state in which he is running second, these would be Iowa, Minnesota, Montana, Nebraska, Wyoming, and they make with Wisconsin and North Dakota only 58 electoral votes. Adding these 58 to the 178 for Davis the total is 236 which may be called the non-Coolidge vote. This leaves 295 votes and if Coolidge could get all of them he would win as 266 is the majority of the electoral college of 531.

What are the states which make up that 295?

Som like California and Oregon and Colorado, are typical of the western strength of President Coolidge and some like Pennsylvania and Massachusetts and Maine are rock-ribbed Republican areas. What concerns the analysis is the doubtful states, or, to put it in another way, those states on which the Democrats this time pin their hopes. These are Indiana, 15, New Jersey, 14, New York, 45, Ohio, 24, and West Virginia 8. Of these 106 votes, President Coolidge must carry all but 29. If he loses these 29 to Davis, the election would be thrown into the house of representatives because even if all the 29 went to Davis, they would not be enough with his 178 to make the necessary 266. If he lost them to LaFollette it would still mean

REPUBLICANS OFFER NO AID TO FARMER

ONLY PROMISE TO "INVESTIGATE" SITUATION.

AND ASWELL TELLS 'EM

Louisiana Congressman Contrasts Programs Offered By Democrats And Republicans.

A large crowd was present at the Democratic rally meeting held in Conception Junction last night. Congressman James B. Aswell of the eighth Louisiana district was the principal speaker.

The Louisiana solon spoke on the agriculture programs of both the Republican and Democratic parties.

"President Coolidge says that the farmers must solve their own problems, but the Democratic party has a definite program of farm relief to offer you people of Northwest Missouri," Congressman Aswell told his audience last night. "The Republicans promise only to investigate the situation but they have done this twice before and their only report was that the farmers were in a desperate fix."

Congressman Aswell called the attention of his audience to the fact that never in the history of any Democratic administration has a third party been formed as a protest against the party in power.

"Only during Republican administrations have "insurgent" groups grown into third parties," the Congressman said.

Mr. Aswell spoke at Parnell yesterday afternoon. He was accompanied by Judge Jesse F. Robertson, M. E. Ford, Dan R. Baker and William Job.

M. E. Ford accompanied the Louisiana Congressman to Conception Junction last night. They went to Rock Port today to be present at the big Democratic rally there at which Dr. Arthur W. Nelson, Democratic candidate for governor of Missouri, will speak.

Buggy Is Hit by Auto Ed Masters Is Hurt

Thrown From Vehicle and Sustains Broken Ribs and Is Badly Bruised Last Evening.

Ed Masters, 510 North Fillmore street, sustained broken ribs and several bruises when he was thrown from a buggy last evening as a result of an automobile running into the rear end of the buggy. He was taken immediately to his home and a physician called.

Mr. Masters was returning from his farm northwest of Maryville and was on the road north of the College driving south, about 6:30 o'clock last evening. An automobile coming from the south just came up over the viaduct throwing a blinding light on the horse and buggy and D. W. Snoderly following in the rear of Mr. Masters was unable to see the horse and buggy until too late and crashed into the horse-drawn vehicle.

Several Changes in Local Light Office

L. G. Kepler Transferred to Plattsmouth, Nebr.—Miss Ella Farrell To Red Oak, Iowa.

Lee G. Kepler, who has been with the Continental Gas & Electric Co., for some time and has been stationed in Maryville since August, has been transferred to Plattsmouth, Neb., to take the position of district manager for the eastern section of Nebraska south of Omaha. Mr. Kepler's family is still in Maryville but will move sometime this month.

Miss Ella Farrell is also being transferred to the Continental's district office at Red Oak, Ia., which is a portion of the Iowa Service Co. Miss Farrell will have charge of the service department in the Red Oak office. Miss Nona Pierse, who has been with the Maryville division of the Automobile Club of Missouri, will take a position in the Maryville office.

Lloyd Everett, one of the construction foremen from Maryville, has been transferred to Lincoln, Nebr., where he has charge of a construction gang on the new Lincoln to Plattsmouth line. This line is about sixty miles long and of 66,000 volt construction.

Walter Thompson, Guy Hawkins, Claude Wilson and Dick Carnes are also working on the Lincoln to Plattsmouth line.

Small Girl May Lose Sight of Right Eye

Annabel, the seven-year-old daughter of Mr. and Mrs. M. J. An operation will probably be necessary and the outcome is uncertain. Mr. Hull is operator at the Burlington depot.

THREE MILES OF PAVEMENT LAID

ATKINSON CO. AVERAGES ABOUT 700 FEET A DAY.

ENTIRE PROJECT READY

For Pavement by November 15 as Grading Crew Expects to Complete Work on Section B, A, Nov. 1.

The Atkinson Paving Co., which is paving the ten mile project south of Maryville on Highway No. 27 is putting in on a fair average 700 feet of roadway or more a day. Yesterday 794 feet was laid. The Company has completed up to date three miles of paving on the north end of section B of this project.

The paving company expects to finish as much as possible of section A, five miles, and have all of the south half of the job by the first of the year. Concrete will be laid until the weather prohibits further work. By November 15 concrete will have been laid on the road up to the Arkoe haul road, approximately 4.4 miles.

H. B. Bigelow, project engineer, said today that the Paving Company is getting along fine with its work and has not been delayed so very much by bad weather.

All of the grading on the entire project will be completed by November 15 so that the entire project will be ready for pavement, according to the present plans. The grading crew at work on section A, the portion of road closest to Maryville, will be completed by the first of November. All the grading has been completed on the south part of the road.

It is understood that a crew is now getting ready at the gravel pit for the hauling of gravel on the project north of Maryville to Wilcox on Highway No. 18 and a grading crew is expected to move in most any time.

Religion Sets Pace for Country's Government

Monument Dedicated to Memory of Francis Asbury, First American Bishop of M. E. Church.

Washington, Oct. 15.—"The government of a country never gets ahead of the religion of a country."

With that statement as his text, President Coolidge this afternoon delivered the principal address at the dedication here of a monument to Francis Asbury, first American bishop of the Methodist Episcopal Church, and set forth the necessity for "reliance upon religion rather than upon law."

Miss Pearl Keiflein and Miss Frances Miller went to St. Joseph this morning to spend the day.

Davis Declares War on Class Government

Would Stump Against Own Party if "Corruption Raised Its Ugly Head" Within Its Ranks.

Quincy, Ill., Oct. 15.—Deep in his drive to capture the Middle West, John W. Davis reached the Mississippi river today with a new declaration of war upon class government.

Davis declared that if elected President, he would take the stump against his own party if "corruption raised its ugly head" within the Democratic ranks.

Davis made a brief stop at Hannibal en route here and there in the Congressional district of the late Champ Clark paid a tribute to the former speaker of the House. He eulogized Clark's political career and expressed the wish that the man were still alive "to lead the fight on official corruption."

The nominee also paid tribute to the memory of Mark Twain, who made his home in Hannibal.

Large Crowd Attends St. Mary's Festival

The harvest festival given last night by the young people of St. Mary's Church in the basement of the church was largely attended and $160 was cleared. A thirty-minute musical program was presented during the evening. Among the other attractions were a fish pond, country store, side shows and a candy stand. Refreshments of cider, frankfurter sandwiches and coffee were served. Music was furnished by the Yehle orchestra.

Mr. and Mrs. H. L. Raines and Mr. and Mrs. Dick Graham of Seattle, Wash., who are visiting relatives here, motored to St. Joseph today.

Mrs. J. M. Swinford went to Pickering yesterday to visit relatives for a few days.

At Address at Savannah—Democratic Gubernatorial Candidate to Be at St. Joseph.

One of the largest ovations of his campaign Dr. Arthur W. Nelson, Democratic candidate for governor, in Trenton on Monday, the home city of Governor Arthur M. Hyde, according to Rich R. Correll, publicity man for Doctor Nelson, who says the high school auditorium was packed with 2,000 people who stood up on the chairs and cheered the candidate for governor for several minutes, when he entered the hall.

At Princeton a crowd packed the hall at 8 and waited until 10 o'clock to hear the gubernatorial candidate, who was delayed in arriving. Dr. Nelson before leaving Princeton, paid a courtesy visit to Ira B. Hyde, father of Governor Hyde.

At a meeting held in Savannah, Tuesday night, the court room and halls leading to the court room, were packed. It is claimed that it was the largest political meeting that has been held in Savannah for many years. Doctor Nelson was introduced by John McDaniel, Democratic candidate for congress.

"The enormous expense of government must be lowered," said Doctor Nelson. "Taxes on land in Missouri should be decreased by reducing the valuation for taxation purposes. If the assessed valuations were correct in 1920 then they surely should be reduced now."

As governor, he stated, he would scrutinize every dollar of road money expended and said the taxpayers of Missouri would receive a dollar's worth of service for each dollar expended. In his address he also pleaded for "the support and continued improvement of our school system with special attention to rural schools."

Dr. and Mrs. Nelson were in St. Joseph Tuesday night the guests of Mr. and Mrs. G. D. Berry, 315 Frederick avenue. The candidate had as his guests at the meetings the first of this week Mr. and Mrs. Berry and Ed Kelso, Democratic state committeeman.

Dr. Nelson will speak at the Lyceum theater Thursday night, which will be his first address meeting in St. Joseph.

Borah Committee Gets Its Work Under Way

Demands Made Upon All Three Parties for Statements of All Campaign Contributions to Date.

Chicago, Oct. 15.—The Senatorial investigation of political campaign finances, brought by Senator Robert M. LaFollette's sensational slush fund charges, got under way here today shortly after the arrival of Senator Borah of Idaho, chairman of the investigation committee.

Borah's first act was to issue a formal demand on the leaders of the three national parties for a complete statement of campaign contributions.

Legion Assisting in Salvation Army Drive

John Mutz, Chester Lyle and Murray Welling Appointed As Committee to Help Local Chairman.

The American Legion Post of this city is assisting in the Salvation Army drive at the present time. Three men from the Legion were appointed as a committee at the Legion meeting last night to give assistance.

John Mutz, Chester Lyle and Murray Welling were appointed from the ranks of the Legion to assist the chairman of the Salvation Army drive in this city, George B. Baker, and the men were out today soliciting in the city.

The Legion also formulated plans at the meeting to make up a donation from the Legion treasury to the Salvation Army.

CROSSES ATLANTIC IN ABOUT 80 HOURS

NEW SPEED RECORD IS SET BY THE ZR-3.

LANDS AT 9:55 A. M.

Is Given Great Ovation by Spectators as Huge Silver-Coated Dirigible Glides to Ground.

Naval air station, Lakehurst, N. J. Oct. 15.—Shimmering in the sunlight, the great silver-coated dirigible ZR-3 soared majestically into the landing field here at 9:17 o'clock this morning, completing her epochal 4,200-mile trip across the Atlantic from Friederichshafen, Germany.

It took the ZR-3 forty-two minutes to make a landing after she was sighted. After completely circling the field, she turned back and headed slowly for the center of the field and suddenly all her huge motors ceased humming.

She appeared to set poised in the air. Then she suddenly descended, touching the ground at exactly 9:55 o'clock. Bells clanged, automobile horns honked, and people cheered wildly as the flight came to an official end.

The first air pilgrim to reach the ground was Commander Jacob Henry Klein, Jr., U. S. N. He leaped exaltingly to the ground and shouted, "Great trip." Then he suddenly saw his wife in the crowd and rushed to her.

The ZR-3 made the long non-stop flight in the phenomenal time of about eighty hours, averaging close to a mile a minute. This exceeds as a commercial feat anything on record, overshadowing the achievement of the liner Leviathan in spanning the Atlantic in four and a half days. The ZR-3, which left Friederichshafen, Germany at 6:35 o'clock Sunday morning, made the trip here in less than three and a half days.

She flashed across southern Germany, France, Switzerland, and out over the Atlantic to the Azores, then arched north by west to the southern tip of Novia Scotia and speeded at the rate of a mile a minute down the eastern coast of the United States to New York where she draw a tremendous ovation.

Washington, Oct. 15.—The flight of the dirigible ZR-3 is an "epochal achievement because it demonstrates as never before the feasibility of long-distance flights for lighter-than-air craft," President Coolidge declared today in a telegram of congratulations to Dr. Hugo Eckener, commander of the airship.

ELECTION ANSWER IS FOUND IN EAST

(Continued from Page One)

a deadlock, because no one of the three candidates would have a majority.

Close Race Indicated.

All this would seem to indicate a close result, but it must not be forgotten that, at the outset of this dispatch, the writer assumed for purposes of analysis that LaFollette might get a maximum of 58 votes in the West. That was the general opinion in the East when this correspondent began his tour. It was not found to be true on actual investigation.

LaFollette Votes on Paper.

For the 58 votes are imaginary and while the popular vote of LaFollette will be large this writer would not be surprised if the Wisconsin senator carried only Wisconsin and North Dakota and these states by a close squeeze.

So the situation would appear to be 178 votes for Davis plus about 30 for LaFollette making 208 non-Coolidge votes reasonably certain. This leaves 323 possible votes for President Coolidge.

Now the President can lose 56 votes and still win. Will he? The answer is not found in the West, but in the East. The writer expects between now and the first of November to visit Kentucky, Indiana, Ohio, West Virginia, Maryland, Delaware, New Jersey, New York, Connecticut, Rhode Island and Massachusetts where the Democrats must get their votes to win. At the end of the tour, an analysis of the eastern states will appear in these columns.

Barnard May Outdo Tulsa in Short Time

Oil Mystery Is Puzzling Residents of That Town—Old Well Has Liquid That Burns.

Barnard has an oil mystery that is puzzling the inhabitants of that town.

An old well just west of the Barnard State Bank has not been used for some time because it was found that the water had a peculiar odor and taste. On examining a sample of the water it was discovered that a heavy substance, brownish in color, would rise to the top of the container. While in Barnard last night, Dick Tulloch procured a sample of the liquid and brought it to Maryville. He poured out some on the top of a bucket, applied a lighted match, and lo and behold it burst into flames!

Now has Barnard an oil well? That's the puzzle.

But here is another fact in the story. About fifteen years ago, the Stalling Mercantile Co., of Barnard, just a short distance from the "mystery well" lost about 300 gallons of kerosene because of a leaky tank.

Did the oil flow down to the well and stay there for fifteen years, or has Barnard a real honest-to-goodness oil well? That's the mystery.

I Never Burn
My Skin
By Edna Wallace Hopper.

I live in the sun and the wind in summer, but I never burn my skin. That is because the greatest of experts told me how to prevent it.

Edna Wallace Hopper
Photo 1923

The sun is good for the skin—get all you can of it. Only certain rays — the ultra violet rays—do harm. Bar them out, and the sun will never burn.

Tan bars those rays, so tanned skins do not burn. But science has found a way to do that without changing the skin's color. It has found a substance, harmless and colorless, which bars out only those burning rays.

By my experts' advice I had that substance embodied in my vanishing type of Youth Cream. I apply it before any exposure. After bathing I apply it again, for water removes it. I have never had sunburn, windburn, tan or freckles since my experts taught me this.

Now I am placing all my helps at every woman's call, and this one is among them. Edna Wallace Hopper's Youth Cream is supplied by all druggists, all toilet counters. The Vanishing Type contains the substance which prevents sunburn. The cost is 60c per jar, and every jar carries my guarantee that it does what my experts claim. Also in 35c tubes. I promise you it will delight you.

I shall gladly mail you a trial tube if you will send this coupon. Do that and see what it does.

Amazing Recovery of Missouri Woman Proves
KARNAK
To Be Greatest Remedy For Stomach Troubles World Has Ever Known

Gradually growing worse for the past ten years from an obstinate case of stomach trouble, despite her every effort to find relief, Mrs. D. L. Edwards, highly esteemed resident of 1622 W. Phelps St., Springfield, Mo., tells how she at last found in Karnak a medicine to reach her case.

"During the past ten years I spent hundreds of dollars trying to get rid of a severe case of stomach trouble, but it was money spent in vain until I finally got Karnak," declares Mrs. Edwards. "Every morsel I ate just seemed to cause no endless suffering. I also suffered from a sluggish liver, and pains in my back that would almost draw me double at times. My nerves would never let me get a restful night's sleep, and I felt so tired and wornout all the time it was all I could do to keep up.

"However, my discouragement soon disappeared when I started taking Karknak, for I improved just wonderfully on the very first bottle. I have taken five bottles now and relish every morsel of my food. The gas and stomach pains have disappeared, my sleep is sound and restful, and I feel like an entirely different person. Karnak has been so wonderful in my case that nothing I can say is good enough for it."

Karnak is sold in Maryville exclusively by Maryville Drug Co.—Adv.

The opening of the season's musical events in Maryville promises to be something unusual for a town of this size. "It is one of the biggest musical attractions that will appear at the College this year," said President Lamkin this morning at the College assembly.

A trio of stars from the Chicago Opera Company has been engaged to sing a concert program consisting of solos, duets and trio numbers, in addition to the feature of the program, the opera, "The Secret of Susanne."

The famous French bass baritone, Edourad Cotreuil, who has starred in so many of the biggest roles for the Chicago Grand Opera Company for the past five years, will be the feature artist. With him will be Lucie Weston, soprano, the young American alternate in roles with Florence Macbeth in the Chicago Grand Opera. The other artist in the company is William Rogerson, tenor, who was the personal protege of the late Signor Campanini. Each will star separately in solos and many arrangements of duets and trios are promised, using popular songs as well as nuggets from the Grand Opera.

These artists will appear at the College auditorium next Monday evening, October 20. Admission prices are exceptionally low for such entertainment. General admission $1.00, students, 75cents. Seats will be reserved at Kuchs Bros. on and after Friday, October 17.

VISITS LINCOLN'S TOMB

Democratic Candidate Pays Homage To Martyred President—Declares America "Must Have Honest Gov."

Springfield, Ill., Oct. 15.—Between addresses in which he denounced "corruption and privilege" in government, John W. Davis, Democratic presidential candidate, visited the tomb of Abraham Lincoln yesterday, paid homage to the memory of the martyred president, and found new inspiration to continue the campaign, he said, with honesty, courage and equality in government his major themes.

Before the pilgrimage to Oak Ridge cemetery, Mr. Davis gave his pledge to Illinois voters that he would within two years after his inauguration as president, if elected in November, commend his own administration to condemnation should he have failed by that time to rid the government of "corruption and privilege."

"If when four years have elapsed, aye, if when two years have gone," Mr. Davis declared "and we have been as false to our promises as other men have been; if corruption again has raised its ugly head and thrown itself into the conduct of your government, if privilege has not been wiped off the statute books and the laws that control you, I shall not only invoke your further suffrage, but I shall commend it to you as American citizens to repeat your vote of protest and condemnation.

All Elections Important.

"There is no such thing in this country as an unimportant presidential campaign. If you go back over the history of the United States you will find that every four years the American people have taken a decision that was not only fraught with great consequences to themselves but with great consequences, frequently, to the entire world.

"Nobody thought in 1860, when you chose that great Illinoisan, Abraham Lincoln, as president, that it was to lie in his hands to preserve the American union. Nobody thought in 1884, when that great citizen of New York, Grover Cleveland, was made president of the United States that he was to set a new standard in American public life and was to give life and vigor and meaning to the great motto that a public office is a public trust.

People Hold Destiny.

"In 1912, while we believed that the election that year was one of vast consequences, none of us dreamed that we were choosing in that election a man who was to become commander-in-chief of the mightiest army that the American people ever raised, who was to hold up the ideals of America to all the world and to give to all mankind a new idea of American valor and courage and idealism and determination. Nobody thought that in that election we were choosing not only the leader of America but the voice of mankind in Woodrow Wilson.

Later in the day, the candidate told voters in Springfield in his night address that it was their duty today, as it was the duty of their forebears in the day of Lincoln, to determine "what the course is that your government shall take for your benefit and the benefit of your children."

Every Seat Occupied.

Every seat in the armory was occupied and people stood three and four deep about the walls, waiting fifteen minutes before Mr. Davis arrived. When Mr. Davis and his party arrived the audience cheered for two minutes.

Mr. Davis reiterated his belief that "this is indeed a democratic year." Mr. Davis asked his audience to reflect whether it had a "good government today" adding that no government could be good government unless it possessed honesty, courage, efficiency and justice.

"I say we must have honest government," he said, "and I assert we have not had it."

Bryan Issues Report Situation in West

Commoner Makes Public His Observations On Extended Campaign Tour—"LaFollette Is Strong."

Chicago, Ill., Oct. 15.—William Jennings Bryan, stopping in Democratic western headquarters yesterday after three weeks campaigning in eight states along the Pacific slope and in the Rocky Mountains group, issued a public statement embodying his observations in the west.

"Mr. LaFollette," he said, "is strong in a number of the mountain states, especially in California, where his cause has been helped by a partisan decision of the supreme court intended to prevent his electors from the Republicans than from the Democrats and to this extent aids the Democratic ticket.

"The attacks made upon LaFollette by Mr. Butler, chairman of the Republican national committee, and Mr. Dawes, and, more timidly, by Mr. Coolidge, are intensifying progressive hostility to the Republican ticket, and this hostility can find effectiveness only in a vote for the Democratic ticket.

"The suggestion that recent advances in market prices for farm products, particularly grains, enhanced Republican chances in the election, Mr. Bryan said, "illustrates the speculative character of a Republican campaign."

"A wheel of fortune," he continued "does not involve more chance than a Republican campaign. Instead of having a policy and appealing to the people to support it, they are hoping for a lucky rain or a fortunate drought, or anything else they can turn to temporary advantage for the Republican ticket. Their arguments are a travesty on statesmanship and reveal the depth to which their political strategy has fallen."

State Bar to Consider Criminal Conditions

State-Wide Conference Is Attended By About 100 Men and Women—"Not Criticizing Courts."

Jefferson City, Oct. 15.—A state-wide conference, called by the Missouri state bar association to consider criminal conditions and criminal law procedure, convened here today with about 100 men and women in attendance.

Guy Thompson of St. Louis, president of the bar association, in a short address said the conference was called not to criticise the courts or police, or for the purpose of "getting anybody."

"However, we are convinced that the tide of crime in Missouri has reached swelling proportions and we must do something to remedy it."

Legionnaires to Feast at Midnight Saturday Night

All hail ye Legionnaires! The big feed will be served at midnight Saturday.

Members of the American Legion Post met at Dr. R. C. Person's office last night and worked out the final details of the big Legion camp this week-end. The place chosen is the John Roberts camp, four miles south and two miles east of Maitland.

Legionnaires will leave Maryville in automobiles from Doctor Person's office at 2 o'clock Saturday afternoon and from 7 to 10 o'clock in the evening. It is thought that those who will be unable to leave the city until 10 o'clock at night will have ample time to reach the camping site by midnight in time for the big feast.

Besides the big feed fishing will be on the program for those so inclined and those who wish to remain over Sunday are requested by the committee to take blankets and a flash light. Everything else will be furnished. The camp site is an ideal spot and boasts a cabin.

Paul Kuchs, chairman of the general committee said this morning that the Legion men had been slow in returning the cards sent to them. He desires that those who are going on the camp will return them so it can be determined how many will be in the party.

An added feature that was determined last night was to secure a portable radio set so that the night programs may be heard and the morning sabbath services from WOAW, Omaha may be caught out of the ether.

Mr. and Mrs. George Hepburn of Hopkins visited in Maryville yesterday.

Neuralgia

"No matter where located—to get quick relief from the agony rub on penetrating Joint-Ease," says a New England chemist.

Of course, Joint-Ease is the one great external remedy for inflamed, swollen, stiff joints in ankle, knee, hip, shoulder, fingers or spine, and for that purpose its sale is tremendous.

But its power to give almost instant relief in neuralgia, neuritis and lumbago is becoming better known every day—Soaks right in with a minute's rubbing and it is very penetrating—A tube for 60 cents at any real druggist anywhere.

Kirksville Doctors Prepare for Kemper

Battle Will Be Played At Kirksville Friday—Game Is Considered Of Importance.

Kirksville, Mo., Oct. 14.—(Special)—Now that the Mexico, Mo., Military academy grid squad has been vanquished, the Kirksville Osteopathic college football squad is preparing for its battle with Kemper Military academy, of Boonville, Mo., next Friday afternoon. The game will be played here.

Friday's game is of importance to the Osteopaths for the Boonville aggregation took the local [illegible] college into camp. Added to this is the fact that Kemper started football practice before the school year started, so Coach Ray Sermon believes his gang is going to have difficulty in holding the Soldiers.

Several members of the Osteopaths squad are suffering minor injuries, especially Cartwright, backfield man, who is nursing a charley horse.

The Kemper-K. O. C. contest is considered the hardest on the local schedule and the locals are conducting secret practice every evening in hopes of holding the Kemper machine if not to a win for the locals at least to a loss by a low score.

Clearmont Man Has New Auto Device

Said To Be Valuable In Saving Motorist Loss Due To Tire Trouble—Said To Indicate Leakage.

Gerald D. Koger of Clearmont has received letters of application for a patent on an electrical device which is claimed by some of the largest automobile dealers in Missouri and Iowa to be valuable in saving the automobile owners much loss due to tire trouble.

The device is small and very sensative and will indicate, it is said, when a tire becomes under-inflated caused by a slow leak, puncture, or bad valve.

The "Tirite," as it is named, can be installed upon any make of automobile and any style of rims. The fast driving of the car does not wear out any mechanical part of the device.

Mr. Koger expects to sign a contract within the next few days with a large manufacturing company, and the "Tirite" will soon be on the market.

Scores of Golf Teams About Even; Captains Threaten

It seems to be an eye for an eye and a tooth for a tooth, or something like this in the Post Season Golf Tourney at the Country Club. In the play-off the two teams are about even and a few bogeys and pars either way will throw the contest to one team or the other. Just read the following:

Headquarters of The Tough
Troublesome Twosomes—
Hello Men:

The outcome of the last Civil War was a tie—This never happens in a well regulated country, why even in Mexico somebody wins; if we can't beat that outfit—well it's us for the W. C. T. U.

"Professor" Lamkin's Highbrows are out for "Blud." Already this state has paid postage on one set of letters, (Yegods! does this mean more taxes?). Do your duty—Play, and preevnt, if possible further requests for postage appropriations.

Excuses, this time are as useless as parsley on fish; absence from city, sickness or death, (if the latter overtakes a Highbrow, shed a tear, just play and don't worry, he'll never turn in a score—too hot.) So take your orders, Nine Holes all at one time, before 7 p. m., Monday, October 20th. Get this—if you don't play and the Highbrow does—blewy, blewy, 75 points gone.

Kick in with your dollar—then—at the big feed; (to be paid for by the "Professer" and his crew), get to the table first and get it all back.

Yours for a T. T. T.
H. L. Raines, Captain.

SAY!

Mr. Team Mate, we've got a job. The final score in the tournament showed we won low total from the Raines Rowdies by one stroke, lost the pars by seven and on bogies at 120 each. So——

We have to play it off.

The pairings will be the same as before, but nine holes instead of eighteen will be played. So——— Get your man——Play him and beat him sometime before Monday, Oct. 20th at 7 p. m., and turn in your score. Be sure to play. We get "stuck" 75 points if you don't play—no excuse goes. If the other fellow is sick, or out of town, or afraid, go out and play your nine holes, get someone to sign the card and turn it in.

The easiest way to collect from them is for every fellow to put up his dollar when he plays. Then we will get ours back when they feed us after we beat them. The point is to play—Let's go! Signed,
Uel W. Lamkin, Captain.

Running away with it!

WHEN the "favorite" really hits his stride, it's all over but the shouting. And in a race for sales it's the same story.

Months ago, Chesterfield hit its stride. And it has set a record-breaking pace ever since—gaining more and more smokers every day.

Chesterfield has won its present position because men know by its *taste* that here is clean-cut superiority of tobaccos and blend.
